

Semester 5 Overview

Class of 2026 - Fall Semester 2023 (FS23)

*This document serves as a guide for the notable events scheduled in semester 5 and **may be subject to change**. Students are responsible for reviewing the course schedule for the finalized dates, times, and locations of all course events as well as reviewing the schedule/syllabus to understand the course requirements. * While efforts are made, it is not always feasible to avoid all religious observances when developing the schedule; students may request excused absences when an exam conflicts with a major religious observance of their faith.*

Date	Time	Event
