

HEALTH SERVICES FOR MSUCOM STUDENTS

Michigan State University College of Osteopathic Medicine (MSUCOM) students may seek diagnostic, preventive and therapeutic health services at the provider of their choice. The following information is provided as a resource to assist students in seeking health care services that are available as students enrolled at Michigan State University and in locations throughout the Statewide Campus System network.

This information is also posted on the MSUCOM website at:

http://com.msu.edu/Students/Resources/Med_care_4students.htm

Olin Health Center

All MSUCOM students may seek health care services at **Olin Health Center**, MSU's student health center. The main clinic is located on North Campus in East Lansing. The health center also offers "neighborhood" locations across the main MSU campus; the location closest to Fee Hall is located in room 127 South Hubbard Hall.

Available on-site services offered at Olin Health Center include:

- Primary and specialty care
- Laboratory and radiology services
- Immunizations
- Nutrition and wellness counseling
- Women's health
- Work-related injuries include blood-borne pathogen care
- Patient portal

Additional services offered 24-7 include:

- **24-hour PIN (Phone Information Nurse)** – call 517-353-5557
Health-related questions are answered by registered nurses who have been specifically trained for phone triage.
- **24-hour ULifeline (suicide hotline and mental health support)**
Students can access mental health resources and perform a self-assessment.
For immediate help, students can go to www.ulifeline.org/msu/ or text "START" to 741-741 or call 1-800-273-TALK (8255).

Emergency Care

In case of an emergency, students should call “911” for local emergency services.

The nearest emergency room locations by preclerkship site are as follows:

Clerkship Affiliates

During clerkship rotations, MSUCOM students may seek routine or emergency care, laboratory and diagnostic services at the provider or hospital of their choice. Students may wish to seek services at their base hospital. Please see each hospital's website for details on services provided. Location and telephone numbers are listed below. Students should provide their health insurance information for billing purposes.

For work related injuries, including blood-borne pathogen or other exposures, while at a clerkship location, MSUCOM students should follow local hospital protocols for evaluation and management. Students should provide their health insurance information for billing. Costs related to an exposure that are not covered by the student's insurance may be covered by MSUCOM. Students must file the appropriate report (see policy on exposure protocol).
